

## **TRANSITION ENTITLEMENT POLICY**

Transition from one Year Group or Key Stage to another is a whole school initiative for which we are all responsible. At Alexandra Infants' and Alexandra Junior Schools, it is our aim that "Transition" should be a seamless process, focused upon, ensuring that the process and development of the individual child continues at least at a good rate of progress.

The development and achievement for each individual occurs through "5 Bridges of Transition Entitlement". These Transition Bridges are essential if the Transition Entitlement of each child is to be successful.

The Bridges of Enrichment and Entitlement are:

- Management of Learning
- Curriculum
- Pedagogical
- Social
- Beaucroatic/Administration

(Refer to LA Transition Entitlement Policy)

What is the purpose of a Transition Entitlement Policy at Alexandra Infants' and Junior Schools?

- Active collaboration between "partners" will ensure information about a child's learning is gathered and transferred (partner – child, parent, other professionals, schools.)
- Supports the development of teachers through collaboration.
- Develops strategies to make children feel more secure and comfortable in a new learning environment.
- Aims to overcome the "intimidation" that could inhibit or act as a barrier to learning in some children.
- Specifies what children should be taught at various stages
- Teachers' understanding of "how" children learn and how children are taught is developed – positive effect upon children's learning.
- Teachers understand the different time frames expectations and training.
- Pupils understand themselves as learners and how to handle change in the learning environment.
- Pupils feel supported and mentored (coached) to understand they are learning to learn.
- To meet the outcomes of the ECM Agenda.
- To minimise the risk of a dip in performance between two years/cross phase, therefore ensuring at least good progress.
