

MISS JULIE ROWE – STAFF GOVERNOR

I entered the teaching profession in 2003 and became Deputy Head of the Junior School in 2011. I am committed to ensuring each child in our schools are given the opportunities, experiences, knowledge, skills and support that will enable them to become equipped for adult life. My heart is, without doubt, rooted into teaching and learning and supporting others in providing the best for the children at Alexandra Federation. I have many roles within Key Stage 2, including safeguarding, leading the pastoral team and supporting behaviour. I have an extensive understanding of our school community and the variety of needs and wealth of diversity. I have worked to build links with the community and teach children that they have an active role in shaping their locality. I look forward to having a significant positive impact on standards by working closely with the governors, staff, parents and most importantly our fantastic children.
